### YOUTH SPORTS INFORMATION

All offerings are open to both boys and girls.

We try to keep all of the rosters small so the youth get more playing time. This means that it is imperative that your child be at all practices and games. If they can't be there please let your coach know so they can plan accordingly.

### CLEAN UP DAYS

Help clean up the park and check out equipment for that season, including - cleats, shin guards, baseball gloves, etc. Equipment is subject to availability. If you have equipment you would like to donate please bring it to the Recreation Office.

### ROSTER ASSIGNMENT DAYS

These special days are designed to make the youth sports teams as equal as possible. Youth will show up and perform skills associated with that sport and then all talent will be distributed equally amongst the teams. If a child does not attend they will be counted as average.

### PICTURES

To keep the cost of youth sports down the Town of Wellington Staff will take team pictures after the first game and will also take specific theme pictures each week. Pictures will be posted on our website, ([www.townofwellington.com](http://www.townofwellington.com)).

### JERSEYS

Jerseys will be sold at the Recreation office only. Jerseys are \$15 each and can be used for most youth sports. Jerseys purchased online must be picked up at the recreation office.

### VOLUNTEERS NEEDED

Wellington Recreation's programs are in need of dedicated individuals willing to donate their time. We are currently in need of head coaches, for each activity offered. Working with kids can be a rewarding experience. All coaches are required to attend a training seminar and become NYSCA certified. Contact us at [volunteer@townofwellington.com](mailto:volunteer@townofwellington.com) with any questions.

### START SMART PROGRAM INFORMATION

Start Smart Programs were created by the National Alliance for Youth Sport to help kids get ready for sports....and succeed in life. It is a step-by-step approach that builds confidence and self-esteem while making sports fun. Parent-child groups will perform motor skill tasks that gradually build confidence in children while they are having fun at the same time. Parents spend quality time together with their child while learning how to properly teach and support them in sports. If your young child has never participated in an organized sport this is the perfect introduction for you and your child.
