Independent Auditor's Report

Honorable Mayor and Members of the Town Board of Trustees Town of Wellington, Colorado

We have audited the accompanying financial statements of the governmental activities, the business-type activities, each major fund and the aggregate remaining fund information of the Town of Wellington, Colorado (the "Town"), as of and for the year ended December 31, 2019, and the related notes to the financial statements, which collectively comprise the Town's basic financial statements as listed in the table of contents.

Management's Responsibility for the Financial Statements

Management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the United States of America; this includes the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

Auditor's Responsibility

Our responsibility is to express opinions on these financial statements based on our audit. We conducted our audit in accordance with auditing standards generally accepted in the United States of America. Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the financial statements are free from material misstatement.

An audit involves performing procedures to obtain audit evidence about the amounts and disclosures in the financial statements. The procedures selected depend on the auditor's judgment, including the assessment of the risks of material misstatement of the financial statements, whether due to fraud or error. In making those risk assessments, the auditor considers internal control relevant to the entity's preparation and fair presentation of the financial statements in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the entity's internal control. Accordingly, we express no such opinion. An audit also includes evaluating the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluating the overall presentation of the financial statements.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinions.

Opinions

In our opinion, the basic financial statements referred to above present fairly, in all material respects, the respective financial position of the governmental activities, the business-type activities, each major fund and the aggregate remaining fund information of the Town of Wellington, Colorado as of December 31, 2019, and the respective changes in financial position and, where applicable, cash flows thereof for the year then ended in conformity with accounting principles generally accepted in the United States of America.

Emphasis of Matters

The COVID-19 outbreak in 2020 (see Note 10) has caused business disruption in a variety of industries, markets and geographic regions, which has resulted in considerable uncertainty as to the financial impact and duration, which cannot be reasonably estimated at this time. Our conclusion is not modified with respect to this matter.

Other Matters

Required Supplementary Information

Accounting principles generally accepted in the United States of America require that the management's discussion and analysis on pages 3 through 15 and the budgetary comparison information on pages 47 and 48 be presented to supplement the basic financial statements. Such information, although not a part of the basic financial statements, is required by the Governmental Accounting Standards Board, who considers it to be an essential part of financial reporting for placing the basic financial statements in an appropriate operational, economic, or historical context. We have applied certain limited procedures to the required supplementary information in accordance with auditing standards generally accepted in the United States of America, which consisted of inquiries of management about the methods of preparing the information and comparing the information for consistency with management's responses to our inquiries, the basic financial statements, and other knowledge we obtained during our audit of the basic financial statements. We do not express an opinion or provide any assurance on the information because the limited procedures do not provide us with sufficient evidence to express an opinion or provide any assurance.

Other Supplementary Information

Our audit was conducted for the purpose of forming opinions on the financial statements that collectively comprise the Town's basic financial statements. The budgetary comparison information on pages 49 through 53 and the Local Highway Finance Report on pages 54 and 55 are presented for purposes of additional analysis and are not a required part of the basic financial statements.

The budgetary comparison information and Local Highway Finance Report are the responsibility of management and were derived from and relate directly to the underlying accounting and other records used to prepare the basic financial statements. Such information has been subjected to the auditing procedures applied in the audit of the basic financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the basic financial statements or to the basic financial statements themselves, and other additional procedures in accordance with auditing standards generally accepted in the United States of America. In our opinion, the information is fairly stated in all material respects in relation to the financial statements taken as a whole.

ACM LLP

Greeley, Colorado July 28, 2020

As management of the Town of Wellington, we offer readers of the Town of Wellington's financial statements this narrative overview and analysis of the financial activities of the Town of Wellington for the fiscal year ended December 31, 2019. Readers are encouraged to consider the information presented here in conjunction with the additional information furnished in the Basic Financial Statements, Notes to the Basic Financial Statements and Supplementary Information.

FINANCIAL HIGHLIGHTS

- The assets of the Town of Wellington exceeded its liabilities and deferred inflows at the close of 2019 by \$93,535,140. Of this amount, \$36,917,638 may be used to meet the Town's ongoing obligations to citizens and creditors.
- The Town's total net position increased by \$4,941,683 from the prior year. Net investment in Capital assets increased by \$2,211,839. Non-capital assets increased by \$28,210,083.
- At the end of calendar year 2019, unassigned fund balance for the general fund was \$4,697,851, a decrease of \$36,722 or (.78%) from the prior year. This amount is 113% percent of total general fund expenditures of \$5,308,710.
- The Town retired \$762,624 of its debt (13.42% percent of the outstanding debt at January 1, 2019) excluding compensatory absences computations during the fiscal year. The key factor in this decrease was the semi-annual and annual principal payments made on the Town's outstanding debts shown in Footnote 6, pages 41 and 42 of this report. The Town did increase outstanding debt during 2019 by \$24.8 million, excluding compensatory absences.

OVERVIEW OF THE FINANCIAL STATEMENTS

This discussion and analysis are intended to serve as an introduction to the Town of Wellington's basic financial statements. The Town of Wellington's basic financial statements are comprised of three components: 1) government-wide financial statements 2) fund financial statements, and 3) notes to the financial statements. This report also contains other supplementary information that supports the basic financial statements.

Government-wide financial statements. The *government-wide financial statements* are designed to provide readers with a broad overview of the Town of Wellington's finances. These statements are prepared in a manner similar to a private-sector business using the accrual basis of accounting and economic resources measurement focus.

The **Statement of Net Position** presents information on all the Town of Wellington's assets, deferred outflows of resources, liabilities, and deferred inflows of resources with the difference between the categories reported as *net position*. Over time, increases or decreases in net position may serve as a useful indicator of whether the financial position of the Town of Wellington is improving or deteriorating.

The **Statement of Activities** presents information showing how the Town of Wellington's *net position* changed during the fiscal year. All changes in *net position* are reported as soon as the underlying event giving rise to the change occurs, *regardless of the timing of related cash flows*. Thus, revenues and expenses are reported in this statement for some items that will only result in cash flows in future fiscal periods (e.g., uncollected taxes and earned but unused vacation leave).

Both government-wide financial statements distinguish functions of the Town of Wellington that are principally supported by taxes and intergovernmental revenues (governmental activities) from other functions that are intended to recover all or a significant portion of their costs through user fees and charges (business type activities). The governmental activities of the Town of Wellington include general government, public safety, public works, community development, culture, parks, and recreation. The business-type activities of the Town of Wellington include water, sewer and storm drainage operations.

The government-wide financial statements include only the Town of Wellington itself (known as the *primary government*).

The government-wide financial statements can be found on pages 16 to 18 of this report.

Fund financial statements. A fund is a grouping of related accounts that is used to maintain control over resources that have been segregated for specific activities or objectives. The Town of Wellington, like other state and local governments, uses fund accounting to ensure and demonstrate compliance with finance-related legal requirements. All funds of the Town of Wellington can be divided into three categories: governmental funds, proprietary funds, and fiduciary funds.

Governmental funds. Most of the Town's basic services are reported in governmental funds, which focus on how money flows into and out of those funds and the balances left at year-end available for spending. The funds are reported using an accounting method called *modified accrual* accounting, which measures cash and all other financial assets that can readily be converted to cash. The governmental funds statements provide a detailed short-term view to cash, the governmental fund operations and the basic services it provides. These statements help one determine whether there are more or fewer financial resources that can be spent in the near future to finance the Town's programs. The relationship (or differences) between governmental activities (reported in the *Statement of Net Position* and the *Statement of Activities*) and governmental funds are described in reconciliations on page 20 and 22.

The basic governmental fund financial statements can be found on pages 19 to 22 of this report.

Proprietary funds. The Town of Wellington currently maintains one type of proprietary fund, called enterprise funds. Enterprise funds are used to report the same functions presented as business-type activities in the government-wide financial statements. The Town of Wellington uses enterprise funds to account for its sewer, water and storm drainage operations.

Business-type activities are reported providing the same type of information as the government-wide financial statements, only in more detail. The business-type financial statements provide separate information for sewer, water and storm drainage operations, which are major enterprise funds of the Town of Wellington.

The basic proprietary fund financial statements detailing the business-type activities can be found on pages 23 to 25 of this report.

Fiduciary funds. Fiduciary funds are used to account for resources held for the benefit of parties outside the Town. Fiduciary funds are not reflected in the government-wide financial statement because the resources of those funds are not available to support the Town of Wellington's own programs. The accounting used for fiduciary funds is much like that used for proprietary funds. Additional information on the Town's Fiduciary Fund (Library Trust Fund) can be found on pages 26 and 27 of this report.

Notes to the financial statements. The notes provide significant additional information that is essential to a full understanding of the data provided in the government-wide and fund financial statements. The notes to the financial statements can be found on pages 28 to 46 of this report.

Other information. In addition to the basic financial statements and accompanying notes, this report also presents required and certain other supplementary information concerning the Town of Wellington's budget comparison statements for the General Fund, non-major Conservation Trust Fund and the Town's three major enterprise funds Water, Sewer and Storm Drainage. The other supplementary information can be found on pages 47 to 53 of this report.

FINANCIAL ANALYSIS OF THE TOWN AS A WHOLE

As noted earlier, net position may serve over time as a useful indicator of a government's financial position. In the case of the Town of Wellington, net position exceeded liabilities by \$93,535,140 at the close of 2019.

By far the largest portion of the Town of Wellington's net position (64.06 percent) reflects its investment in capital assets (e.g., land, buildings machinery, and equipment), less any related debt used to acquire those assets that is still outstanding and accumulated depreciation. The Town uses these capital assets to provide services to citizens; consequently, these assets are not available for future spending. Although the Town's investment in its capital assets is reported net of related debt, it should be noted that the resources needed to repay this debt must be provided from *other sources*, since the capital assets themselves cannot be used to liquidate these liabilities. Unrestricted net position may be used to meet the Town's ongoing obligations to citizens and creditors. Below is condensed financial information for fiscal year 2019 compared with 2018 totals.

Condensed Statement of Net Position

| ASSETS | Governmental Activities | Business-Type Activities | <u>Totals</u> | <u>2018 Totals</u> |
|---|----------------------------|-----------------------------|---------------------|--------------------|
| Current assets | \$12,743,583 | \$54,517,088 | \$67,260,671 | \$39,050,588 |
| Capital assets | 22,456,199 | 37,460,853 | <u>59,917,052</u> | <u>57,705,213</u> |
| Total assets | 35,199,782 | <u>91,977,941</u> | 127,177,723 | <u>96,755,801</u> |
| <u>LIABILITIES</u> | | | | |
| Current liabilities | 1,114,232 | 3,076,573 | 4,190,805 | 2,032,991 |
| Long-term liabilities | <u>1,270,243</u> | <u>26,663,771</u> | <u>27,934,014</u> | <u>4,924,770</u> |
| Total liabilities | 2,384,475 | 29,740,344 | 32,124,819 | <u>6,957,761</u> |
| DEFERRED INFLOWS OF RESOURCES Unearned revenue - property taxes | <u>1,432,171</u> | <u>85,593</u> | <u>1,517,764</u> | 1,204,583 |
| NET POSITION | | | | |
| Invested in capital assets, net of related debt | 20,949,349 | 34,046,901 | 54,996,250 | 52,022,169 |
| Restricted for: | | | | |
| Emergencies | 231,273 | - | 231,273 | 196,870 |
| Other purposes | 479,190 | 910,789 | 1,389,979 | 1,465,176 |
| Unrestricted | 9,723,324 | 27,194,314 | <u>36,917,638</u> | <u>34,909,242</u> |
| Total net position | <u>\$31,383,136</u> | <u>\$62,152,004</u> | <u>\$93,535,140</u> | \$88,593,457 |

Exclusive of capital assets, the restricted portion (\$1,621,252) of net position (4.39 percent), represents resources that are subject to external restrictions on how they may be used. The remaining balance of *unrestricted net position* (\$36,917,638) may be used to meet the Town's ongoing obligations to citizens and creditors.

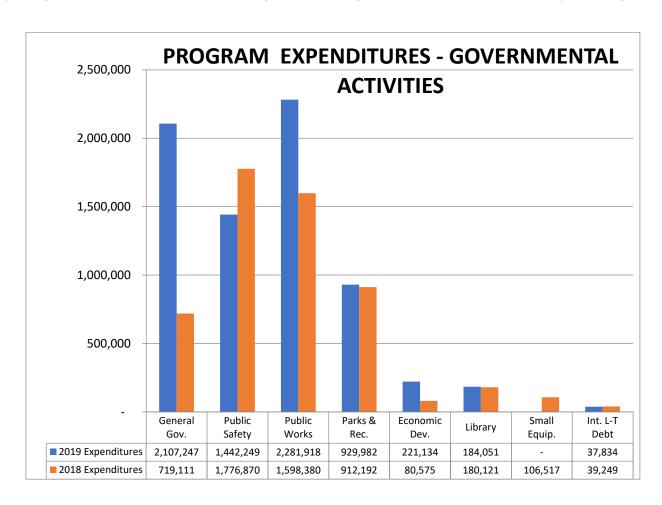

The following focuses on changes in net position of the Town's governmental and business-type activities.

Condensed Statement of Activities

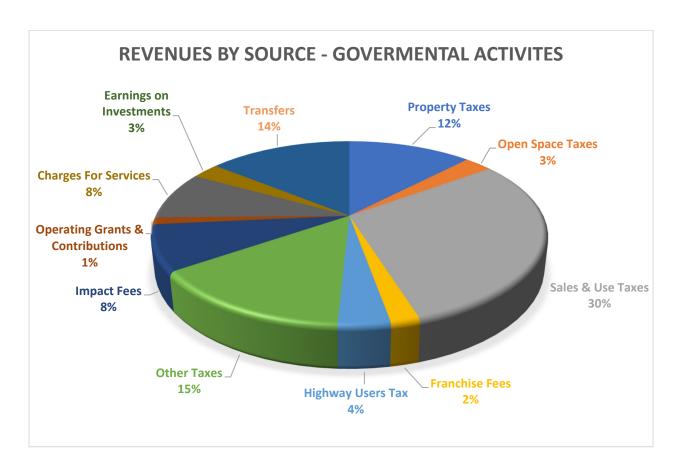

| Revenues | Governmental Activities | Business-Type Activities | <u>Totals</u> | <u>2018 Totals</u> |
|--------------------------------------|----------------------------|-----------------------------|---------------------|---------------------|

| Net position at end of year | <u>\$31,383,136</u> | <u>\$62,152,004</u> | <u>\$93,535,140</u> | <u>\$88,593,457</u> |

A portion of the "Net position at end of year" net position shown in the above Condensed Statement of Activities is restricted for specific purposes. The restrictions represent legal or contractual limitations on how the assets may be expensed. Within the governmental activities category restrictions are placed for streets and park improvements, TABOR emergency reserve and other purposes. The business-type activities restrictions were related to the operation and maintenance reserve required by loan agreements. Expenditures for the governmental activities are displayed below.

Expenditures for the *governmental activities* displayed in the previous table for 2019 are shown in graphical form below. For comparative purposes, the figures from 2018 are included. All categories of governmental activities, except for Public Safety, Small Equipment, and Interest on Long Term Deb have increased above year ago levels. As the Town continues to grow, increasing costs in these activities will likely trend higher.

The following chart displays revenues categorized by source for the governmental activities. The sources of revenue included in "Other Taxes" consists of the following: Severance Tax (\$66,167, General Fund), Sales Tax received by governmental funds other than the General Fund (\$690,577, Park Fund), Use Tax on Building Materials received by governmental funds other than the General Fund, (\$237,666, Parks Fund), Motor Vehicle Specific Ownership Tax (\$101,449, Street Fund), Motor Vehicle Use Tax (\$165,412, Parks Fund), Motor Vehicle Registration Tax (\$25,210, Streets Fund) Road and Bridge Tax (\$38,137, Street Fund), and Interest on Delinquent accounts (\$1,225, General Fund). The "Other Taxes" total \$1,325,843. The total governmental activities revenues of \$9,100,249.

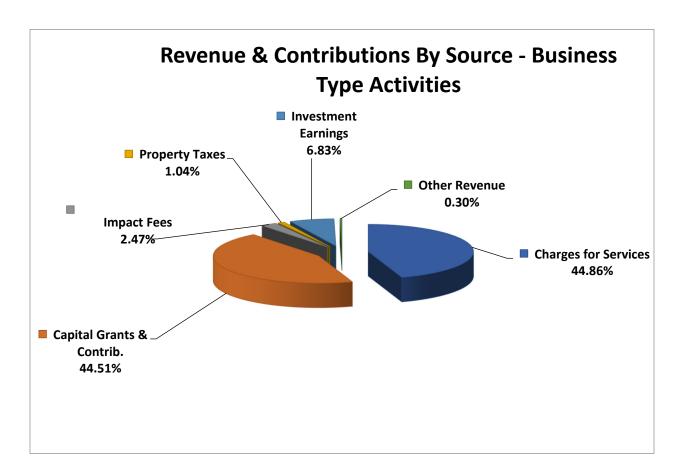

The following chart displays revenues and expenses of the Business-type Activities.

Operating and interest expenses were less than operating revenues in all the business-type activities. However, each business activity fund includes a significant non-cash expense. The operating expenses include depreciation. Depreciation is an estimate of the deterioration of fixed assets. There was no actual cash expenditure involved in "depreciation expense". Non-cash depreciation was \$701,861, \$452,655 and \$113,017 in the Water, Sewer and Storm Drainage Funds respectively. After deducting the non-cash depreciation in the Water Fund, operating expenses exceeded operating revenues by \$79,254. After deducting the non-cash depreciation in the Storm Fund, operating expenses exceeded operating revenues by \$68,264.

The following chart presents the revenues and contributions by source for the business-type activities (enterprise funds). The largest source of revenue is entitled "Capital Grants & Contributions" (44.51%). This category consists of Raw Water Fees, Tap Fees and Infrastructure Dedications in the Water and Sewer Funds in the amount of \$4,131,225. The total amount of Capital Grants & Contributions in 2018 was \$3,932,520.

Financial Analysis of the Town's Funds

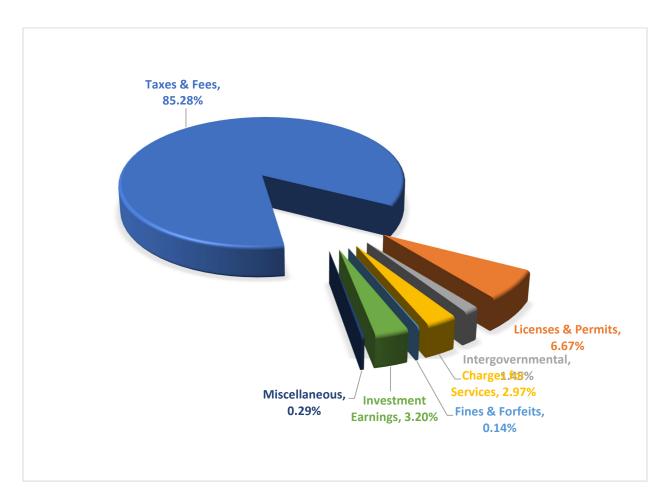

As noted earlier, the Town of Wellington uses fund accounting to ensure and demonstrate compliance with finance-related legal requirements.

Governmental funds. The focus of the Town of Wellington's governmental funds is to provide information on near-term inflows, outflows, and balances of spendable resources. Such information is useful in assessing the Town of Wellington's financing requirements. Unassigned fund balance may serve as a useful measure of a government's net resources available for spending at the end of the fiscal year. As of the end of the current fiscal year, the Town of Wellington's governmental funds (General, Street, Park and Conservation Trust Funds) reported combined ending fund balances of \$10,558,206, an increase of \$1,869,623. Approximately 44.49% of this total amount (\$4,697,851) constitutes unassigned fund balance, which is available for spending at the government's discretion. The remainder of fund balance is otherwise classified to indicate that it is not available for new spending because the asset itself is in a non-spendable form (e.g. inventories) or that portions of fund balance have been restricted, committed or assigned to specific purposes as follows:

| Nonspendable: | \$ 96,507 |
|---------------|------------------|
| Restricted: | 710,463 |
| Committed: | 57,118 |
| Assigned: | 4,996,267 |
| Unassigned: | <u>4,697,851</u> |
| TOTAL: | \$10,558,206 |

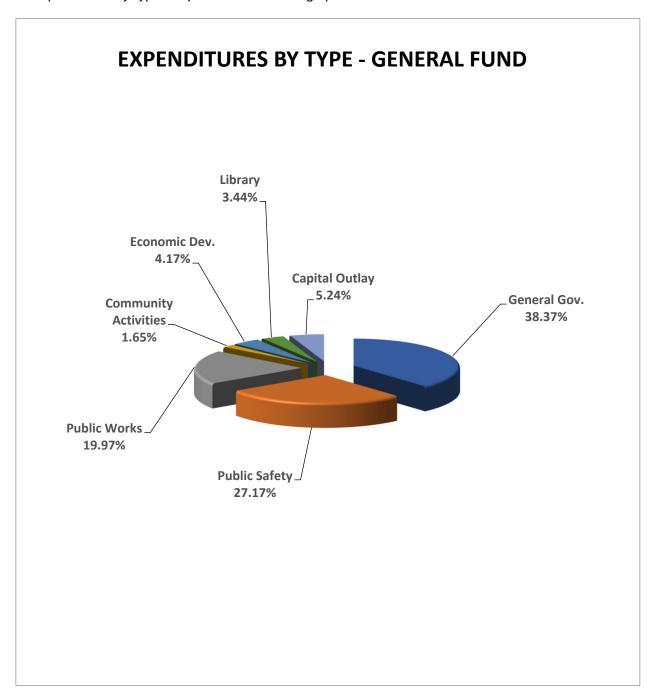

General Fund Budgetary Highlights

The General Fund accounts for all the general services provided by the Town of Wellington. At the end of 2019, the fund balance of the General Fund totaled \$5,852,350, an increase of \$845,680, or 16.89%, over the fund balance at the end of 2018, \$5,006,670.

The General Fund's primary source of revenue is taxes and to a lesser degree, fees. The General Fund receives nearly all the property taxes, and most of the sales and use taxes.

General Fund expenditures include all administrative functions of the Town, comprised of the Town Council, Town Administrator, Town Attorney, Finance Director, and all other administrative support staff. Public Safety at 27.17% of the total expended is the second largest expenditure for the General Fund. Public Safety includes amounts paid to Larimer County Sheriff's Office, \$1,382,047 and amounts expended for the Town's Code Enforcement program, \$60,202. The total of all Public Safety was \$1,442,249 in 2019. General Fund expenditures by type are presented below in graphical form.

CAPITAL ASSET ADMINISTRATION

Capital assets. The Town of Wellington's net investment in capital assets for its governmental and business type activities as of December 31, 2019, amounts to \$59,917,052 (net of accumulated depreciation and debt). This investment in capital assets includes land, buildings and system improvements, machinery and equipment, park facilities, roads, highways, and bridges. At December 31, 2018, the net investment in capital assets was \$57,705,213 (net of accumulated depreciation and debt). Net investment in capital assets decreased 3.83 percent from 2018 to 2019.

Additional information on the Town of Wellington's capital assets can be found in footnote 5 on pages 39 and 40 of this report.

DEBT ADMINISTRATION

Long-term debt. At the end of 2019, the Town of Wellington had total debt outstanding of \$27,435,570. Of this amount, \$314,879 comprises general obligation debt backed by the full faith and credit of the Town (i.e., the Town's property taxing authority). The FNB Wellington Community Park Fund Loan was approved by the Town's voters and is a special obligation payable out of the available funds and revenues of the Park Fund. The remainder of the Town of Wellington's debt represents bonds and loans secured solely by specified revenue sources (Water & Sewer Fund revenues - i.e., Charges for Services).

Town of Wellington's Outstanding Debt at Year End Governmental **Business-Type** Activities **Activities TOTAL** 2019 2019 2019 <u>2018</u> <u>2018</u> 2018 FNB WCP Loan (Park Fund): \$1,506,850 \$1,738,031 \$1,506,850 \$1,738,031 1984 General Obligation Bonds (Water 104,000 127,000 127,000 127,000 1982 CWCB General Obligation Bonds 210,879 256,397 256,397 256,397 (Water Fund): 2001 CWR&PDA Loan (Water Fund): 173,207 237,828 237,828 237,828 2002 CWR&PDA Loan (Sewer Fund): 947,923 1,235,008 1,235,008 1,235,008 2014 Bond Issue - WWTP Expansion 2,090,000 2,090,000 1,985,000 2,090,000 (Sewer Fund): 2019 CWR&PDA Loan (Water Fund): 24,014,561 24,014,561 **TOTAL** \$27,435,570 \$3,946,233 \$29,467,644 \$1,506,850 \$1,738,031 \$5,684,264

This outstanding debt does not include compensated absences of \$121,518 at the end of 2019.

Additional information on the Town of Wellington's long-term debt can be found in footnote 6, pages 41-42.

ECONOMIC FACTORS AND NEXT YEAR'S BUDGETS AND RATES

The Annual Budget guides the efficient, effective and economic use of the Town's resources, as well as focus on the highest priority objectives. Through the Budget, the Town Council sets the direction, allocates resources and establishes priorities.

The Town Council approved the 2020 Budget on December 13, 2019, appropriating \$61,793,090 for expenditures in 2020. The initial 2019 appropriation was \$32,565,072. The 2020 initial Budget reflects a 90% increase from the 2019 initial Budget, largely due to an aggressive capital improvement plan which includes the initial stages of the Water Treatment Plant Expansion and Water Source Development. Introduction of transfers among the Funds has increased the expenditures by \$2,130,291.

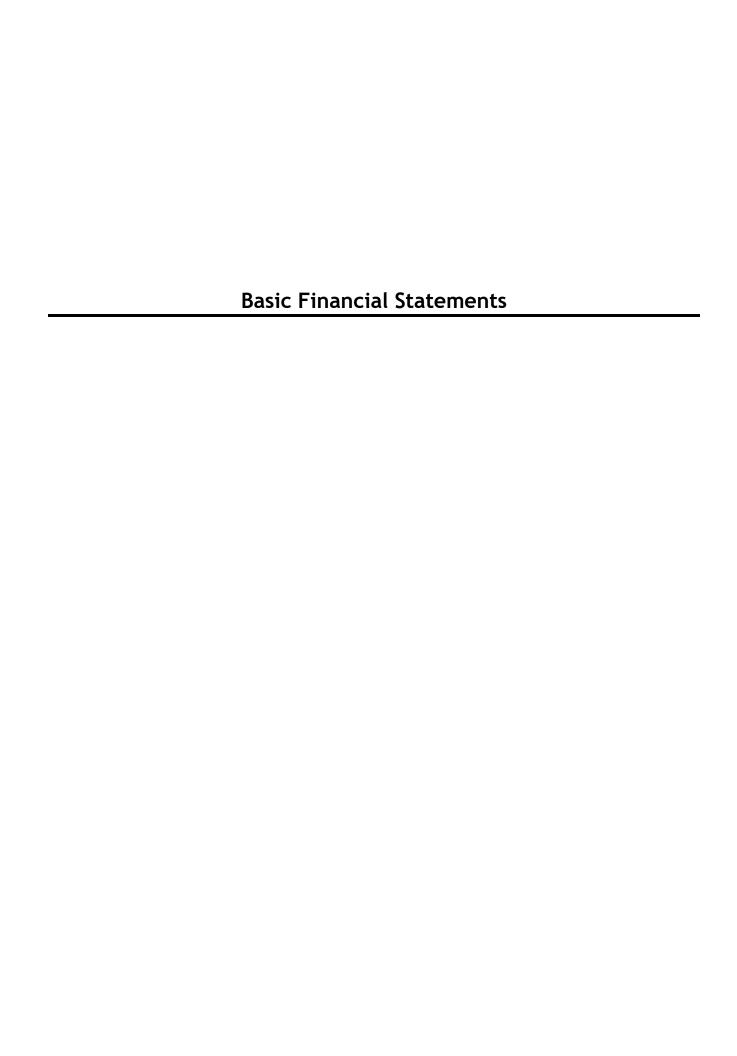

One of the challenges Wellington faces in 2020 and beyond is to attract new commercial development. Since 2015, Wellington has grown at a steady 8% per year and currently estimates its population over 10,000. However, commercial development has not kept pace, and retail sales taxes in Wellington lag in comparison to surrounding communities. The 2020 budget will include funding for a full-time Economic Development Director and significant increases in marketing. Wellington is also partnering with the local Chamber of Commerce and Main Street organizations to coordinate marketing and recruitment efforts.

Another challenge associated with Wellington's growth will be to secure additional raw water supplies. Currently, Wellington has sufficient water rights to support a population of 21,000. At a 5% growth rate, Wellington will reach this plateau by 2033. Wellington is actively pursuing options to locate new water supplies and has engaged Wright Water Engineers to assist in this effort. Additionally, Wellington has engaged Clear Water Solutions, Inc. to help the Town prepare a Water Efficiency Plan which will identify conservation measures to create greater sustainability and resiliency to preserve our water resources.

Wellington's plan to construct a new Town Hall is currently on hold as the Town seeks to secure a location. Meanwhile, the Town continues to add staff to keep up with our growing community. The 2020 budget included 3.0 new full-time equivalents along with additional space secured by leasing a second building in Town. However, until a new Town Hall is constructed, the Town will be challenged to find sufficient workspace for staff.

Contacting the Town's Financial Management

This financial report is designed to provide a general overview of the Town of Wellington's finances for all those with an interest in the Town's finances. Questions concerning any of the information provided in this report or requests for additional financial information should be addressed to Tyler Sexton, Town of Wellington Assistant Finance Director, sextontc@wellingtoncolorado.gov, PO Box 127, 3735 Cleveland Ave., Wellington, Colorado 80549

Town of Wellington

Reconciliation of the Governmental Funds Balance Sheet with the Government-wide Statement of Net Position December 31, 2019

Amounts reported for governmental activities in the statement of net position are different because:

Total fund balance - governmental funds

\$ 10,558,206

Capital assets used in governmental activities are not current financial resources, and therefore, are not reported as assets in the governmental fund financial statements.

| Capital assets | \$ 39,942,040 | |
|--------------------------|---------------|------------|
| Accumulated depreciation | (17,485,841) | 22,456,199 |

Long-term liabilities are not due and payable from current financial resources, and therefore, are not reported as liabilities in the fund financial statements. Long-term liabilities at year end consist of:

| Loan payable | \$ (1,506,850) | |
|--|----------------|---------------|
| Accrued interest payable | (2,901) | |
| Accrued compensated absences | (121,518) | (1,631,269) |
| Total net position - governmental activities | | \$ 31,383,136 |

Town of Wellington

Reconciliation of the Governmental Funds Statement of Revenues, Expenditures and Changes in Fund Balances with the Government-wide Statement of Activities Year Ended December 31, 2019

Amounts reported for governmental activities in the statement of activities are different because:

Total net change in fund balance - governmental funds

\$ 1,869,623

Capital outlays to purchase or build capital assets are reported in governmental funds as expenditures. However, for governmental activities those costs are shown in the statement of net position and allocated over their estimated useful lives as annual depreciation expense in the statement of activities. This is the amount by which depreciation expense exceeded capital outlay during the year.

| Capital outlay | \$ 1,004,122 | |
|----------------------|--------------|-----------|
| Depreciation expense | (1,180,857) | (176,735) |

Repayment of loan payable obligations are expenditures in the fund financial statements, but are reductions in long-term liabilities in the statement of net position and do not affect the statement of activities.

231,181

Decrease in interest payable is reflected against expense in the statement of activities and not reflected as an expenditure in the statement of revenues, expenditures and changes in fund balances.

445

Increase in accrued compensated absences liability is reflected as an expense on the statement of activities and not reflected as an expenditure on the governmental fund statement of revenues, expenditures and changes in fund balances.

(28,680)

Change in net position of governmental activities

\$ 1,895,834

1. Summary of Significant Accounting Policies

Form of Organization

The Town of Wellington, Colorado (the "Town") was founded on November 10, 1905 as a statutory town. The Town's major operations include general government, public safety, public works, parks and recreation, economic development, and the library.

The financial statements of the Town have been prepared in conformity with accounting principles generally accepted in the United States of America ("GAAP") as applied to government units. The Governmental Accounting Standards Board ("GASB") is the accepted standard-setting body for establishing governmental accounting and financial principles. The more significant of the Town's accounting policies are described below.

Reporting Entity

As defined by GAAP established by the GASB, the financial reporting entity consists of the primary government, as well as component units, which are legally separate organizations for which elected officials of the primary government are financially accountable. Financial accountability is defined as:

- 1) Appointment of a voting majority of the component unit's governing board and either a) the ability to impose its will by the primary government, or b) there is a potential for the component unit to provide specific financial benefits to, or impose specific financial burdens on, the primary government; or
- 2) Fiscal dependency on the primary government and there is a potential for the organization to provide specific benefits to, or impose specific financial burdens on the primary government regardless of whether the organization has (1) a separately elected governing board, (2) a governing board appointed by a higher level of government, or (3) a jointly appointed board.

Based on the above criteria, there are no other organizations that would be considered component units of the Town.

Government-wide and Fund Financial Statements

The government-wide financial statements (i.e., the statement of net position and the statement of activities) report information on all of the activities of the Town. For the most part, the effect of interfund activity has been removed from these statements. Governmental activities, which normally are supported by taxes, charges for services and intergovernmental revenues, are reported separately from business-type activities, which rely to a significant extent on user charges for support.

The statement of activities demonstrates the degree to which the direct expenses of a given function or segment are offset by program revenues. Direct expenses are those that are clearly identifiable with a specific function or segment. Program revenues include: (1) charges to those who purchase, use, or directly benefit from goods, services, or privileges provided by a given function or segment, and (2) grants and contributions that are restricted to meeting the operational or capital requirements of a particular function or segment. Taxes and other items not properly included among program revenues are reported instead as general revenues.

The fund financial statements report detailed information about the Town. The focus of governmental fund financial statements is on major funds rather than reporting funds by type. Each major fund is presented in a separate column.

December 31, 2019

Separate financial statements are provided for governmental and fiduciary funds, even though the latter are excluded from the government-wide financial statements.

Measurement Focus, Basis of Accounting, and Financial Statement Presentation

The government-wide financial statements are reported using the economic resources measurement focus and the accrual basis of accounting, as are the fiduciary fund financial statements. Revenues are recorded when earned, and expenses are recorded when a liability is incurred, regardless of the timing of related cash flows. Grants and similar items are recognized as revenue as soon as all eligibility requirements imposed by the provider have been met.

The governmental fund financial statements are accounted for using the current financial resources measurement focus, whereby only current assets, deferred outflows of resources, liabilities, and deferred inflows of resources generally are included in the balance sheet, and the statement of revenues, expenditures and changes in fund balances present increases and decreases in those components. These funds use the modified accrual basis of accounting, whereby revenues are recognized as soon as they are both measurable and available. Revenues are considered to be available when they are collectible within the current period or soon enough thereafter to pay liabilities of the current period. For this purpose, the Town considers revenues to be available if they are collected within 60 days of the end of the current fiscal period. Expenditures generally are recognized when a liability is incurred, as under accrual accounting. However, debt service expenditures, as well as expenditures related to compensated absences and claims and judgments are recognized only when payment is due.

Property taxes, intergovernmental grants, and earnings on investments associated with the current fiscal period are all considered to be susceptible to accrual, and so, have been recognized as revenues of the current fiscal period. All other revenue items are considered to be measurable and available only when cash is received by the Town.

Because governmental fund statements are presented using a measurement focus and basis of accounting different from that used in the government-wide statements, reconciliations are presented that briefly explains the adjustments necessary to reconcile to ending net position and the change in net position.

In accordance with GASB Statement No. 33, Accounting and Financial Reporting for Nonexchange Transactions, ("GASB No. 33") the corresponding assets (receivables) in non-exchange transactions are recognized in the period in which the underlying exchange occurs, when an enforceable legal claim has arisen, when all eligibility requirements have been met, or when resources are received, depending on the revenue source. Property taxes attach an enforceable lien on property as of January 1. Taxes are levied in December, payable in the following year in full by April 30, or in two equal installments due on the last day of February and June 15.

Governmental funds are used to account for all or most of a government's general activities. The following are the Town's major governmental funds:

General Fund - The General Fund is the general operating fund of the Town. It is used to account for all financial resources except those required to be accounted for in another fund.

Street Fund - The Street Fund, a special revenue fund, is considered a major fund of the Town. Revenues in the Street Fund consist of motor vehicle ownership taxes, motor vehicle registration taxes and highway user taxes. In addition, this fund accounts for impact fees relating to new construction from building permits. Amounts collected are disbursed for the maintenance of the Town's streets and alleys.

December 31, 2019

Park Fund - The Park Fund, a special revenue fund, is considered a major fund of the Town. Revenues in the Park Fund consist of sales taxes, use taxes, motor vehicle use taxes, and open space sales taxes. In addition, this fund accounts for impact fees relating to new construction from building permits. Amounts collected are disbursed for the maintenance of the Town's parks and open space.

The other governmental fund (nonmajor fund) is a special revenue fund (Conservation Trust) and has been established to account for revenues from the Colorado Conservation Trust Fund which are required to be used to fund park and recreation services.

Proprietary funds, which include enterprise funds, are accounted for on a flow of economic resources measurement focus using the accrual basis of accounting. Therefore, all assets, deferred outflows of resources, liabilities, and deferred inflows of resources associated with the operation of this fund are included on the statement of net position. Revenues and expenses are recorded in the accounting period in which they are earned or incurred, and they become measurable. Net position is segregated into amounts invested in capital assets, restricted for debt service and rate stabilization loan reserves, and unrestricted. Proprietary fund-type operating statements present increases (e.g., revenues) and decreases (e.g., expenses) in total net position. Proprietary funds are used to account for activities similar to those found in the private sector, where the determination of net income is necessary or useful to sound financial administration. The Town's major enterprise funds include the Water, Sewer, and Storm Drainage funds.

Fiduciary fund reporting focuses on net position and changes in net position. The fiduciary fund category is split into four classifications: pension trust funds, investment trust funds, private-purpose trust funds, and agency funds. Trust funds are used to account for assets held by the Town under a trust agreement for individuals, private organizations, or other governments and are therefore not available to support the Town's own programs. The Town has one private-purpose trust fund, the Library Trust Fund, which accounts for library impact fees and grants and disburses funds for the benefit of the Town's library. Agency funds are custodial in nature (assets equal liabilities) and do not involve measurement of results of operations.

As a general rule, the effect of interfund activity has been eliminated from the government-wide financial statements. Exceptions to this general rule are charges between the enterprise funds and various other functions of the government. Elimination of these charges would distort the direct costs and program revenues reported for the various functions concerned.

Budgets

The Town follows these procedures in establishing the budgetary data reflected in the financial statements:

- By October 15, the Town Administrator submits to the Town Board of Trustees, a proposed operating budget for the fiscal year beginning the following January 1. The operating budget includes proposed expenditures and the means of financing them;
- A public hearing is conducted to obtain taxpayer comments;
- Prior to December 31, the budget is legally enacted through passage of a resolution;
- Any budget revisions that alter the total expenditures of any fund must be approved by the Board of Trustees through passage of a formal resolution;

December 31, 2019

- The Town legally adopts budgets for all of the funds. Budgets for the general, special revenue and fiduciary funds are adopted on a basis consistent with GAAP. Budgetary comparisons for the enterprise funds are presented on a non-GAAP budgetary basis, where payments for capital assets and principal amounts of debt are treated as expenditures, bond proceeds are treated as revenues, and depreciation is not budgeted;
- Budgeted amounts in the financial statements are as originally adopted or as amended by the Town Board of Trustees. All appropriations lapse at year-end.

The following table summarizes the individual fund budgeted expenditures, as originally adopted, and as revised:

| | Original Budget | | Total Revisions | | F | inal Budget |
|-------------------------|-----------------|------------|-----------------|-----------|----|-------------|
| Governmental funds: | | | | | | |
| General fund | \$ | 3,680,639 | \$ | 2,215,786 | \$ | 5,896,425 |

| Total funds | \$ | 32,565,072 | \$ | 7,181,034 | \$ | 39,746,106 |

Cash and Cash Equivalents

To improve cash management, cash received by the Town is pooled and invested. Individual fund integrity is maintained through the Town's records. Interest in the pool is presented as "equity in pooled cash and cash equivalents" on the financial statements. The Town considers all highly liquid investments with original maturities of three months or less, including deposits in a pooled investment fund, to be cash equivalents. Short-term investments, consisting of funds invested in a local government investment pool (Note 2) are considered to be cash equivalents and are measured at net asset value, which approximates fair value. Overdrawn balances in pooled cash accounts are treated by the Town as interfund liabilities, payable to the fund deemed to have made the loan.

Restricted Cash

The amounts restricted in the Water and Sewer funds are in compliance with the operation and maintenance reserve and rate stabilization requirements of the loans from the Colorado Water Resource and Power Development Authority.

December 31, 2019

Investments

Investments, consisting of funds invested in certificates of deposit, are measured at fair value in accordance with GASB Statement No. 72, Fair Value Measurement and Application.

Revenue Recognition/Property Taxes

Property taxes attach an enforceable lien on property as of January 1. Taxes are levied in December, payable in the following year in full by April 30, or in two equal installments due on the last day of February and June 15. The county treasurer bills and collects property taxes for all taxing entities within the county. Property tax receipts collected by the county treasurer each month are remitted to the Town by the tenth day of the subsequent month. Property tax revenues are recognized in the government-wide financial statements in the year that the property taxes are used to fund the operations of the Town.

In the fund financial statements, property taxes are recognized in the year for which levied provided they become available and measurable. Utility service revenue is recognized when the service is provided.

Short-Term Interfund Receivables/Payables

During the course of operations, numerous transactions occur between individual funds for goods provided or services rendered. These receivables and payables, if any, are classified as internal balances on the government-wide statement of net position and classified as due from other funds or due to other funds on the balance sheet.

Inventories

Inventories, consisting primarily of chemicals used in the treatment process of the Water and Sewer funds, have been valued at cost on a first-in first-out basis. The consumption method is used to account for inventories. Inventory costs are recorded as expenditures or expenses when individual inventory items are consumed.

Bond Premium and Debt Issuance Costs

In the government-wide financial statements, long-term obligations are reported as liabilities in the applicable governmental activities. Bond premiums are deferred and amortized over the life of the bonds using the effective interest rate method as principal is paid. Debt issuance costs are recognized during the period of issuance.

In the fund financial statements, governmental fund types recognize bond premiums during the period of issuance. The face amount of debt issued is reported as other financing sources. Premiums on the debt issuance are reported as other finance sources. Issuance costs, whether or not withheld from the actual debt proceeds received, are reported as debt service.

December 31, 2019

Capital Assets

Capital assets, which include property, plant, equipment, and infrastructure assets (i.e., streets and roads, bridges, water lines, storm-water drainage, traffic signals, and similar items) are reported in the applicable governmental or business-type activities columns in the government-wide financial statements. Capital assets are defined by the Town as assets with an initial, individual cost of \$5,000 or more and an estimated useful life in excess of one year. Such assets are recorded at historical cost if purchased or constructed. Donated capital assets are recorded at estimated fair market value on the date received.

The costs of normal maintenance and repairs that do not add to the value of the asset or materially extend asset lives are not capitalized. Improvements are capitalized and depreciated over the remaining useful lives of the related capital assets, as applicable.

Assets are depreciated using the straight-line method over the assets estimated useful lives. Depreciation expense is reflected as an operating expense in the government-wide statement of activities. Estimated useful lives for asset types are as follows:

| Description | Governmental | Business-Type |
|-----------------------------------|--------------|---------------|
| Land and water rights | N/A | N/A |
| Buildings and improvements | 10-40 years | N/A |
| Improvements other than buildings | 5-50 years | N/A |
| Streets and improvements | 20-40 years | N/A |
| Machinery and equipment | 5-20 years | 5 years |
| Utilities systems | N/A | 50 years |

Compensated Absences

The Town reports compensated absences in accordance with the provisions of GASB Statement No. 16, Accounting for Compensated Absences, ("GASB No. 16"). Personal leave benefits are accrued as a liability as the benefits are earned if the employees' rights to receive compensation are attributable to services rendered and it is probable that the Town will compensate the employees for the benefits earned. Upon termination of employment from the Town, an employee will be compensated for all accrued vacation and compensatory time at their current rate of pay. There is no payment for sick leave upon termination.

Amounts of vested or accumulated vacation pay that are not expected to be liquidated with expendable available financial resources are reported on the government-wide financial statements. The Town has recorded a liability of \$121,518 at December 31, 2019.

On the governmental fund financial statements, where applicable, the current portion of unpaid compensated absences is the amount expected to be paid using current available resources. At December 31, 2019, there is no accrual in the fund financial statements.

Accrued Liabilities and Long-Term Obligations

All payables, accrued liabilities and long-term obligations are reported in the government-wide financial statements. In general, payables and accrued liabilities that will be paid from governmental funds are reported on the governmental fund financial statements regardless of whether they will be liquidated with current resources.

December 31, 2019

However, claims and judgments and the noncurrent portion of long-term liabilities that will be paid from governmental funds are reported as a liability in the fund financial statements only to the extent that they will be paid with current, expendable, available financial resources. In general, payments made within 60 days after year-end are considered to have been made with current available financial resources. Capital lease obligations that will be paid from governmental funds are not recognized as a liability in the fund financial statements until due.

Fund Balance and Net Position

In the government-wide and proprietary fund financial statements, net position is classified in the following categories:

Net Investment in Capital Assets - This category groups all capital assets into one component of net position. Accumulated depreciation and the outstanding balances of debt that are attributable to the acquisition, construction or improvement of these assets reduce this category.

Restricted Net Position - This category presents external restrictions imposed by creditors, grantors, contributors or laws or regulations of other governments and restrictions imposed by law through constitutional provisions or enabling legislation.

Unrestricted Net Position - This category represents the net position, which is not restricted for any project or other purpose. A deficit will require future funding.

In the fund financial statements, governmental funds report fund classifications that comprise a hierarchy based primarily on the extent to which the Town is bound to honor constraints on the specific purposes for which amounts in those funds can be spent. In accordance with GASB Statement No. 54, Fund Balance Reporting and Governmental Fund Type Definitions, fund balances of the governmental funds are classified as follows:

Nonspendable - amounts that cannot be spent either because they are not in spendable form or because they are legally or contractually required to be maintained intact.

Restricted - amounts that can be spent only for specific purposes because of constitutional provisions, charter requirements or enabling legislation, or because of constraints that are externally imposed by creditors, grantors, or the laws or regulations of other governments.

Committed - amounts that can be used only for specific purposes determined by a formal action of the Board of Trustees (the "Board"). The Board is the highest level of decision making authority for the Town. Commitments may be established, modified, or rescinded only through resolutions approved by the Board.

Assigned - amounts that do not meet the criteria to be classified as restricted or committed but that are intended to be used for specific purposes. The Board has the authority to assign amounts for specific purposes.

Unassigned - represents the net position of the Town, which is not restricted for any project or other purpose. A deficit will require future funding.

When an expenditure is incurred for purposes for which both restricted and unrestricted resources are available, the Town considers restricted resources to have been spent first. When an expenditure is incurred for which committed, assigned, or unassigned fund balances are available, the Town considers amounts to have been spent first out of committed funds, then assigned funds, and finally unassigned funds, as needed, unless the Board has provided otherwise in its commitment or assignment actions.

December 31, 2019

As of December 31, 2019, fund balances are composed of the following:

| | Gan | eral Fund | Stra | et Fund | D | ark Fund | | nservation | Go | Total vernmental |
|----------------------|------|-----------|------|----------|----|-----------|------------|------------|----|---------------------|
| | Gen | erat runu | 3010 | et i unu | - | arkiulu | Trust Fund | | GU | verninentat |
| Nonspendable: | | | | | | | | | | |
| Prepaid items | \$ | 96,507 | \$ | - | \$ | - | \$ | - | \$ | 96,507 |
| Restricted: | | | | | | | | | | |
| Emergencies | | 231,273 | | - | | - | | - | | 231,273 |
| Parks and open space | | - | | - | | - | | 479,190 | | 479,190 |
| Committed: | | | | | | | | | | |
| Cemetery operations | | 57,118 | | - | | - | | - | | 57,118 |
| Assigned: | | | | | | | | | | |
| Capital projects | | - | 1 | ,675,113 | | 2,281,888 | | - | | 3,957,001 |
| Subsequent year's | | | | | | | | | | |
| expenditures | | 769,601 | | - | | 269,665 | | | | 1,039,266 |
| Unassigned | 4 | 1,697,851 | | - | | - | | - | | 4,697,851 |
| Total fund balances | \$ 5 | 5,852,350 | \$ 1 | ,675,113 | \$ | 2,551,553 | \$ | 479,190 | \$ | 10,558,206 |

Interfund Transactions

Interfund services provided and used are accounted for as revenues, expenditures or expenses. Transactions that constitute reimbursements to a fund for expenditures/expenses initially made from it that are properly applicable to another fund are recorded as expenditures/expenses in the reimbursing fund and as reductions of expenditures/expenses in the fund that is reimbursed. All other interfund transactions are reported as transfers.

Estimates

The presentation of financial statements in conformity with GAAP requires management to make estimates and assumptions that affect the reported amounts of assets, deferred outflows of resources, liabilities, and deferred inflows of resources and disclosure of contingent assets and liabilities at the date of the financial statements and the reported amounts of revenue and expense during the reporting period. Actual results could differ from those estimates.

2. Cash and Investments

Deposits

Colorado state statutes govern the entity's deposits of cash. For deposits in excess of federally insured limits, Colorado Revised Statutes require the depository institution to maintain collateral on deposit with an official custodian (as authorized by the State Banking Board). The Colorado Public Deposit Protection Act ("PDPA") requires state regulators to certify eligible depositories for public deposit.

December 31, 2019

PDPA requires the eligible depositories with public deposits in excess of the amounts insured by the Federal Deposit Insurance Corporation ("FDIC") to create a single institutional collateral pool of obligations of the State of Colorado or local Colorado governments and obligations secured by first lien mortgages on real property located in the State. The pool is to be maintained by another institution or held in trust for all uninsured public deposits as a group. The market value of the assets in the pool must be at least 102% of the uninsured deposits. At December 31, 2019, the Town had deposits with financial institutions with a carrying amount (book balance) of \$457,515. The bank balances with the financial institutions were \$493,638, which of this amount, \$328,905 was covered by federal depository insurance, with the excess in 2019 covered by PDPA.

Cash and cash equivalents, including restricted cash, held by the Town at December 31, 2019 were as follows:

| Cash on hand | \$ | 300 |
|--------------------------------------|------|------------|
| Cash with county treasurer and clerk | | 88,478 |
| Cash deposits | | 457,515 |
| Local government investment pool | | 39,933,383 |
| Total | \$ 4 | 40,479,676 |

Cash and cash equivalents, by statement, are as follows:

| Statement of net position: | |
|--|---------------|
| Cash and cash equivalents | \$ 37,254,343 |
| Equity in pooled cash and cash equivalents | 1,889,789 |
| Restricted cash and cash equivalents | 910,789 |
| Statement of fiduciary net position: | |
| Cash and cash equivalents | 422,211 |
| Equity in pooled cash and cash equivalents, restricted | 2,544_ |
| Total | \$ 40,479,676 |

Investments

Colorado statutes specify investment instruments meeting defined rating and risk criteria in which the Town may invest, which include:

- Certificates of deposit with an original maturity in excess of three months
- Certain obligations of the United States and U.S. Government agency securities
- Certain international agency securities
- General obligation and revenue bonds of U.S. local government entities
- Banker's acceptance of certain banks
- Commercial paper
- Written repurchase agreements collateralized by certain authorized securities
- Certain money market funds
- Guaranteed investment contracts
- Local government investment pools

The Town's policy is to hold investments until maturity.

December 31, 2019

Custodial Credit Risk - Investments

For investments, custodial credit risk is the risk that in the event of a failure of a counter party, the Town would not be able to recover the value of its investments or collateral securities that are in the possession of an outside party. The Town does not have a specific policy for custodial credit risk. As of December 31, 2019, the Town had no investments exposed to custodial credit risk outside of its investment in the Colorado Local Government Liquid Asset Trust (the "Trust"), discussed below.

Interest Rate Risk

Colorado Revised Statutes limit investment maturities to five years or less from the date of purchase. This limit on investment maturities is a means of limiting exposure to fair value losses arising from increasing interest rates.

Local Government Investment Pools

At December 31, 2019, the Town had invested \$39,933,383 in the Colorado Local Government Liquid Asset Trust (the "Trust"), an investment vehicle established for local government entities in Colorado to pool surplus funds. The State Securities Commission administers and enforces all State statutes governing the Trust. The Trust operates similarly to a money market fund and each share is equal in value to \$1. The Trust offers shares in two portfolios, COLOTRUST PRIME and COLOTRUST PLUS+. COLOTRUST PRIME invests only in U.S. Treasury and government agencies. COLOTRUST PLUS+ can invest in U.S. Treasury, government agencies, and in the highest-rate commercial paper. A designated custodial bank serves as custodian for the Trust's portfolios pursuant to a custodian agreement. The custodian acts as a safekeeping agent for the Trust's investment portfolios and provides services as the depository in connection with direct investments and withdrawals. The custodian's internal records segregate investments owned by the Trust. The Trust is rated AAAm by Standard and Poor's and is measured at net asset value. There are no unfunded commitments, the redemption frequency is daily and there is no redemption notice period.

3. Receivables

Receivables at December 31, 2019, consisted of the following:

| Types | Governmental Activities | Business-Type Activities | Total |
|-------------------|----------------------------|-----------------------------|--------------|
| Taxes | \$ 1,648,662 | \$ 85,593 | \$ 1,734,255 |
| Trade accounts | - | 379,566 | 379,566 |
| Intergovernmental | 47,254 | - | 47,254 |
| Other | 79,973 | 1,928 | 81,901 |
| Total | \$ 1,775,889 | \$ 467,087 | \$ 2,242,976 |

4. Interfund Receivables/Payables and Transfers/

The Town's interfund receivables and payables represent short-term receivables and payables. The balances resulted from the time lag between the dates that (1) interfund goods and services are provided or reimbursable expenditures occur, (2) transactions are recorded in the accounting system, and (3) payments between funds are made. At December 31, 2019, the Storm Drainage Fund owed the General Fund \$420,000.

December 31, 2019

Interfund Transfers

Transfers are used to move revenues from the fund that statute or budget requires to collect them to the fund that statute or budget requires to expend them, or to use unrestricted revenues collected in the General Fund to finance various programs accounted for in other funds in accordance with budgetary authorizations. The following transfers were made during the year ended December 31, 2019:

| | Transfers Out | | | | | | | | | | | | |
|---------------|----------------|--------------|----|-------------------------|---------------|---------------|------------------|--------|-------------------|--------|-------------|--|--|
| Transfers In: | Street Fund | Park Fund | | nservation rust Fund | Water Fund | Sewer Fund | Drainage Fund | | Fiduciary Fund | | Total | | |
| General Fund | \$ 549,862 | \$ 271,143 | \$ | - | \$ 706,970 | \$ 466,512 | \$ | 91,804 | \$ | 17,000 | \$2,103,291 | | |
| Park Fund | - | - | | 200,000 | - | - | | - | | - | 200,000 | | |
| Total | \$ 549,862 | \$ 271,143 | \$ | 200,000 | \$ 706,970 | \$ 466,512 | \$ | 91,804 | \$ | 17,000 | \$2,303,291 | | |

December 31, 2019

5. Capital Assets

A summary of changes in governmental activities capital assets for the year ended December 31, 2019, is as follows:

| | Beginning Balance | Additions | Deletions | Ending Balance |
|--|----------------------|--------------|----------------|-------------------|
| Governmental activities: | | | | |
| Capital assets, not being depreciated | | | | |
| Land and water rights | \$ 1,511,398 | \$ 8,648 | \$ - \$ | 1,520,046 |
| Construction in progress | 147,834 | 5,875 | (38,814) | 114,895 |
| Total capital assets, not being depreciated | 1,659,232 | 14,523 | (38,814) | 1,634,941 |
| Capital assets, being depreciated: | | | | |
| Buildings and improvements | 997,829 | 278,208 | - | 1,276,037 |
| Improvements other than buildings | 12,577,879 | 106,089 | - | 12,683,968 |
| Streets and improvements | 22,327,886 | 599,349 | - | 22,927,235 |
| Machinery and equipment | 1,375,092 | 44,767 | - | 1,419,859 |
| Total capital assets, being depreciated | 37,278,686 | 1,028,413 | - | 38,307,099 |
| Less accumulated depreciation for: | | | | |
| Buildings and improvements | (747,094) | (23,527) | - | (770,621) |
| Improvements other than buildings | (3,449,683) | (210,014) | - | (3,659,697) |
| Streets and improvements | (10,987,446) | (910,574) | - | (11,898,020) |
| Machinery and equipment | (1,120,761) | (36,742) | - | (1,157,503) |
| Total accumulated depreciated | (16,304,984) | (1,180,857) | - | (17,485,841) |
| Total capital assets, being depreciated, net | 20,973,702 | (152,444) | - | 20,821,258 |
| Governmental activities capital assets, net | \$ 22,632,934 | \$ (137,921) | \$ (38,814) \$ | 22,456,199 |

Depreciation expense for governmental activities has been allocated to various activities as follows:

| General government | \$ 41,705 |
|--|-----------------|
| Public works | 910,574 |
| Parks and recreation | 226,929 |
| Library | 1,649 |
| Total depreciation expense - governmental activities | \$ 1,180,857 |

December 31, 2019

A summary of changes in business-type activities capital assets for the year ended December 31, 2019, is as follows:

| | Beginning | | | Ending |
|--|---------------|--------------|----------------|--------------|
| | Balance | Additions | Deletions | Balance |
| Business-type activities: | | | | |
| Land and water rights | \$ 852,579 | \$ 2,062,291 | \$ - \$ | 2,914,870 |
| Construction in progress | 1,713,657 | 443,008 | (92,044) | 2,064,621 |
| Total capital assets, not being depreciated | 2,566,236 | 2,505,299 | (92,044) | 4,979,491 |
| Capital assets, being depreciated: | | | | |
| Utilities systems | 45,849,204 | 994,891 | = | 46,844,095 |
| Machinery and equipment | 1,150,549 | 247,961 | - | 1,398,510 |
| Total capital assets, being depreciated | 46,999,753 | 1,242,852 | - | 48,242,605 |
| Less accumulated depreciation | (14,493,710) | (1,267,533) | - | (15,761,243) |
| Total capital assets, being depreciated, net | 32,506,043 | (24,681) | - | 32,481,362 |
| Business-type activities capital assets, net | \$ 35,072,279 | \$ 2,480,618 | \$ (92,044) \$ | 37,460,853 |

Depreciation expense for business-type activities has been allocated to various activities as follows:

| Business-type activities: | |
|---|-----------------|
| Water | \$ 701,861 |
| Sewer | 452,655 |
| Storm drainage | 113,017 |
| Total depreciation expense - business-type activities | \$ 1,267,533 |

December 31, 2019

6. Long-Term Debt

Governmental Activities

In 2014, the Town borrowed \$2,400,000 from First National Bank, with monthly principal and interest payments beginning in 2016 and maturing in 2029. The loan requires monthly payments of \$22,455 principal and interest, fixed at 2.31%. The Park Fund is required to maintain a coverage amount of 125% of principal and interest. For the year ended December 31, 2019, the Town met the coverage amount.

Business-Type Activities

In 2019, the Town entered into a loan payable with the Colorado Water Resource and Power Development Authority ("CWRPDA"). The 20 year loan requires varying semi-annual principal and interest payments at interest ranging from 3.0 to 5.0% through August 1, 2039. The loan is a special revenue obligation of the Sewer Fund payable from sewer rates, fees, standby charges, and charges from the use and operation of the system and from such other funds legally available after the payment of operation and maintenance expenses of the system. As of December 31, 2019, the Town had not drawn down funds from this loan. The remaining amount available of \$24.8 million to be received is reflected as loan proceeds receivable in the accompanying statement of net position.

In September 2014 the Town entered into a 20 year general obligation sewer bond in the amount of \$2,400,000, due in 2024. The special revenue bond has variable interest rate, not to exceed 4%, and escalating principal payments.

In 2002, the Town entered into a loan payabale with the Colorado Water Resource and Power Development Authority ("CWRPDA"). The 20 year note requires varying semi-annual principal and interest payments at 3.71%, payments through August 1, 2022. The loan is a special revenue obligation of the Sewer Fund payable from sewer rates, fees, standby charges, and charges from the use and operation of the system and from such other funds legally available after the payment of operation and maintenance expenses of the system.

In 2001, the Town entered into a loan payable with CWRPDA requiring semi-annual payments of \$36,747 principal and interest, at 4.0% through May 1, 2022. The loan is a special revenue obligation of the Water Fund payable from water rates, fees, standby charges, and charges from the use and operation of the system and from such other funds legally available after the payment of operation and maintenance expenses of the system.

During 1984, the Town entered into a general obligation water bond in the amount of \$500,000. Bond is due in escalating installments and matures on December 1, 2023. Interest is fixed at 5%.

During 1982, the Town entered into a loan agreement with Colorado Water Conservation Board ("CWCB") requiring annual payments of \$57,593 principal and interest at 4.0% through December 1, 2023. Revenues of the Town are pledged in an amount sufficient to pay the annual amounts due under the loan contract.

December 31, 2019

Following is a summary of the debt transactions for the year ended December 31, 2019:

| | Beginning Balance | Additions | Retirements | Ending Balance | Due Within One Year |
|--|------------------------|------------------------|-------------------------|-------------------------|------------------------|
| Governmental Activities 2014 First National Bank loan | \$ 1,738,031 | \$ - | \$ (231,181) | | \$ 236,607 |
| Accrued compensated absences Total | 92,838 \$ 1,830,869 | \$ 34,362 \$ 34,362 | (5,682) \$ (236,863) | 121,518 \$ 1,628,368 | \$ 236,607 |
| Business-Type Activities | | | | | |

7. Rate Maintenance

Water Fund

Pursuant to the 2001 CWRPDA loan agreement, the Town shall establish, levy, and collect rents, rates, and other charges for the products and services provided by the Town's water system (the "Water System") in an amount sufficient to: (1) meet the operation and maintenance expenses of the Water System, (2) comply with all covenants in the loan resolution, and (3) pay at least 110% of the debt service on all indebtedness or at least 110% of all such debt if connection fees are included as a source of payment.

The following calculation shows the Town has complied with the rate maintenance provision of this loan agreement.

| Operating revenues Connection fees | | 2,018,161 2,751,816 | |
|---|----|------------------------|-----------------|
| | | | |
| Subtotal | 2 | 4,769,977 | |
| Operation and maintenance expenses (not including depreciation) | 1 | 1,585,097 | |
| Net revenue as defined in loan agreement | | | \$ 3,184,880 |
| 2019 principal due | \$ | 64,621 | |
| 2019 interest due | | 8,873 | |
| | | 73,494 | |
| | | x110% | 80,843 |
| Amount the current year revenues were in excess of the requirements | | | |
| of the CWRPDA loan agreement. | | | \$ 3,104,037 |

Per the loan agreement, the Town is required to either raise rates within 60 days after the end of the year to comply with the rate covenant or to hire an independent firm of accountants or consulting engineers to do a rate study within 120 days of year-end to recommend a rate increase to meet the loan covenant.

Sewer Fund

Pursuant to the 2002 CWRPDA loan agreement, the Town shall establish, levy, and collect rents, rates, and other charges for the products and services provided by the Town's sewer system (the "Sewer System") in an amount sufficient to: (1) meet the operation and maintenance expenses of the Sewer System, (2) comply with all covenants in the loan resolution, and (3) pay at least 110% of the debt service on all indebtedness or at least 110% of all such debt if connection fees are included as a source of payment.

December 31, 2019

The following calculation shows the Town has complied with the rate maintenance provision of this loan agreement.

| Operating revenues | \$ 1,333,766 | | |
|---|-----------------|----|-----------|
| Connection fees | 1,162,500 | | |
| Subtotal | 2,496,266 | | |
| Operation and maintenance expenses (not including depreciation) | 595,450 | | |
| Net revenue as defined in loan agreement | | \$ | 1,900,816 |
| 2019 principal due | \$ 287,085 | | |
| 2019 interest due | 36,286 | | |
| | 323,371 | | |
| | x110% | | 355,708 |
| Amount the current year revenues were in excess of the requirements | | | |
| of the CWRPDA loan agreement. | | Ś | 1,545,108 |

Per the loan agreement, the Town is required to either raise rates within 60 days after the end of the year to comply with the rate covenant or to hire an independent firm of accountants or consulting engineers to do a rate study within 120 days of year-end to recommend a rate increase to meet the loan covenant.

The Town Board approved resolution 1-2012 SE establishing a rate stabilization account in the Sewer Fund in conformity with the rate covenant provisions of the 2002 CWRPDA loan agreement. This resolution restricted \$350,000 specifically for debt service on the aforementioned CWRPDA loan, retroactive to December 31, 2011. This restriction, plus the calculation shown above, demonstrates the Town is in compliance with the requirements of the CWRPDA loan at December 31, 2019.

The CWRPDA loans in the Water and Sewer Funds require the Town to maintain an operations and maintenance reserve in an amount equal to three months of operations and maintenance expenses, excluding depreciation of the system, as set forth in the annual budget for the current fiscal year. The Town has restricted \$560,789 in the Water Fund and \$350,000 in the Sewer Fund to comply with the terms of these agreements.

Pursuant to the 2014 special revenue bond obligation agreement, the Town shall establish, maintain, enforce, and collect rates, fees, and charges for the services provided by the Town's wastewater system to create gross revenue each calendar year sufficient to pay operation and maintenance expenses and to create net revenue in an amount: (1) equal to not less than 120% of the amount necessary to pay when due the principal of and interest on the bonds and any parity lien bonds coming due during such calendar year; and (2) sufficient to make up any deficiencies in the reserve account. In the event that the gross revenue at any time is not sufficient to make such payments, the Town shall promptly increase such rates, fees, and charges to an extent which will ensure the payments and accumulations required by the ordinance.

December 31, 2019

The following calculation shows the Town has complied with the rate maintenance provision of this bond agreement.

| Operating revenues | \$ 1,333,766 | |
|---|-----------------|-----------------|
| Connection fees | 1,162,500 | |
| Subtotal | 2,496,266 | |
| Operation and maintenance expenses (not including depreciation) | 595,450 | |
| Net revenue as defined in loan agreement | | \$ 1,900,816 |
| 2019 principal due | \$ 105,000 | |
| 2019 interest due | 69,458 | |
| | 174,458 | |
| | x120% | 209,350 |
| Amount the current year revenues were in excess of the requirements | | |
| of the general bond obligation. | | \$ 1,691,466 |

8. Contingencies

Risk Management

The Town is exposed to various risks of loss related to torts; theft of, damage to, and destruction of assets; errors and omissions; injuries to employees; and natural disasters.

The Town carries commercial insurance covering specific and general risks of loss, including worker's compensation and employee health and accident insurance. Settled claims resulting from these risks have not exceeded commercial insurance coverage in any of the past three fiscal years. There have been no significant reductions in insurance coverage.

9. Taxes, Spending and Debt Limitations

Tabor Amendment

In November 1992, Colorado voters passed an amendment (the "Amendment" or "TABOR") to the State Constitution (Article X, Section 20) which limits the revenue raising and spending abilities of state and local governments. The limits on property taxes, revenue, and "fiscal year spending" include allowable annual increases tied to inflation and local growth in construction valuation. Fiscal year spending, as defined by the Amendment excludes spending from certain revenue and financing sources such as federal funds, gifts, property sales, fund transfers, damage awards, and fund reserve (balance). The Amendment requires voter approval for any increase in mill levy or tax rates, new taxes, or creation of multi-year debt. Revenue earned in excess of the "spending limit" must be refunded or approved to be retained by the Town under specified voting requirements by the entire electorate.

The Amendment also requires local governments to establish emergency reserves to be used for declared emergencies only. An emergency, as defined by the Amendment, excludes economic conditions, revenue shortfalls, or salary or fringe benefit increases. These reserves are required to be 3% or more of fiscal year spending (excluding bonded debt service). The Town has restricted \$231,273 for this purpose.

December 31, 2019

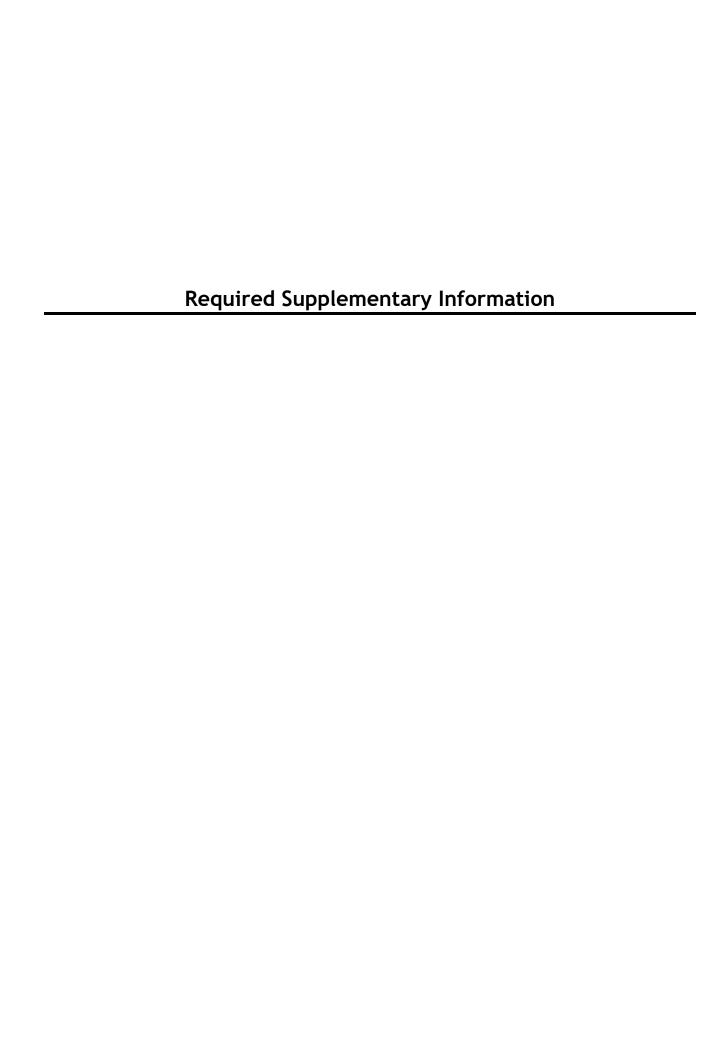

On November 5, 1996, the voting citizens of the Town of Wellington authorized the Town (retroactive to January 1, 1995) to, without imposing any new taxes or increases in tax rates, retain all revenue from all sources in 1995 and subsequent years, and to spend the same as a voter-approved revenue change and as exception to limits which would otherwise apply for each of said years under Colorado Constitution Article X, Section 20, the taxpayer's bill of rights. This effectively removed all revenue and spending limits imposed by TABOR.

The Town believes it is in compliance with the provisions of TABOR. However, TABOR is complex and subject to interpretation. Many of its provisions will require judicial interpretation.

10. Subsequent Events

Management of the Town has evaluated subsequent events through July 28, 2020, the date that the financial statements were available to be issued.

The COVID-19 outbreak, which was declared a worldwide pandemic on March 11, 2020 by the World Health Organization ("WHO"), has caused business disruption in a variety of industries, markets and geographic regions. While the disruption is currently expected to be temporary, there is considerable uncertainty around the duration. The extent to which the District's operational and financial performance will be affected is also uncertain. Therefore, while the District expects this matter to negatively impact their business, results of operations, and financial position, the related financial impact cannot be reasonably estimated at this time.

Schedule of Revenues, Expenditures and Changes in Fund Balance (Budget and Actual) - General Fund
